SIR

C M 102-54-1

I write to state that a resolution was tabled by Sri M Rangaiah Naidu, one of the Councillors that the present system of entrusting the work relating to the Government Elections and Census to the Corporation staff be discontinued It is true that much of the time of the Revenue and other staff of the Corporation is taken for this purpose with the result the legitimate work of the Corporation is jeopardised The Revenue Officer has been particularly complaining about this with special reference for the deterioration in the percentage of collections The suggestion that the work may be saddled to the teaching staff in all the Government and Corporation schools as they have much leisure is a reasonable one Further the election work is usually taken up in the months of April and May which is the vacation period to the teaching staff and they can conveniently attend to this work without any hindrance to the school work, while the Corporation may render all possible help to the teachers and other similar staff The matter was considered by the Corporation at their meeting held on the 29th September 1954 and they passed the undermentioned resolution

"Resolved that the Government be requested that the present system of entrusting the work of preparation of Electoral Rolls, Census Work etc., unconnected with the work of the Corporation periodically to the Corporation staff be discontinued as this eleborate work takes away much of the time of the Corporation staff and is definitely a hinderance to the collection of revenue, disposal of papers etc , and further that this work may be entrusted to the Education Department which has an army of teachers, clerks and other staff which can conveniently take up this work during summer vacation"

p t o

I request you to kindly obtain approval of Government to the resolution and issue suitable instructions to the Departments concerned

Forwarded with compliments
